## 1 Introduction

This is just some normal text.

## 2 Images

And here is an image:

### 3 Lists

This is an unordered list:

- The individual entries are indicated with a black dot, a so-called bullet.
- The text in the entries may be of any length.

And this list is ordered:

1. This is the first entry in our list.
2. The list numbers increase with each entry we add.

### 4 Math

About math, say,  $E = mc^2$  is an inline math. And the following is called ‘display math’ mode:

$$E = mc^2 \tag{1}$$

### 5 Table

This should be a basic table:

Col1	Col2	Col2	Col3
1	6	87837	787
2	7	78	5415
3	545	778	7507
4	545	18744	7560
5	88	788	6344
